

As a banker, I have been involved with many non-profit organizations over the years. I have been associated with Scotty's House since May of '96, and as you might expect, I serve in the role of Treasurer. I assure you there is no "fat" in the Scotty's House budget. Scotty's House operates year to year having to worry about future funding problems. With even more uncertainty about state and federal dollars, it is becoming more important to ask for local support to meet our increasing needs. There is so much more we would like to do – especially in education and prevention of child abuse – but with limited funding and staff we struggle to meet the needs of the children who come to Scotty's House. In 2009, more than 300 abused children were served, and that number increases every year.

The Scotty's House staff are wonderful people, and I assure you they do not make excessive salaries. Every staff member and volunteer, including myself, are involved with this organization because we want to protect children.

I realize many worthwhile organizations ask for your donations. I am asking for your support of Scotty's House Child Advocacy Center. I can assure you that the money you contribute will be well spent as you help abused children. Your help and financial support are needed and appreciated. Please, make your contribution to Scotty's House today.

Ivan M. Olson
President, The Bank & Trust
Scotty's House Treasurer
